"Having a thorough understanding of my client's goals, needs and current financial position allows me to help them make informed decisions about investing their money. In doing so, I can ensure that their decisions support the future they strive for."

Hi, I'm Karl and I've been in the financial service industry for more than 21 years. This has included several years in the UK and joining Westpac as an Investment Adviser in 2009.

I have a Certificate in Financial Planning from the US Institute of Financial Advisers and am now working my way through a Postgraduate Diploma in Financial Planning at the University of Waikato.

I'd like to meet with you, to give me a chance to listen to what you want out of your investments and allow me to put together a plan that can make that happen.
